

A TOUCHING INCIDENT.

How a Diminutive Urchin Paid Tribute to the Dead President.

One of the most touching incidents in the popular tribute to the memory of the late President McKinley that was universally paid on day of the funeral, and especially during the period when trains stopped running during the service at the grave, and there was a lull in the bustle of the day all over the country, only broken by the sadly tolling bells, was the humble offering of an Italian bootblack in Ninth avenue, says the New York Times. A customer had mounted to a seat on his stand and expressed somewhat churlishly his surprise that the boy did not get to work instead of standing there like one moonstruck.

"Na! Na!" exclaimed the boy, who had lifted his well-worn cap in reverence as he watched the clock in the tower of a neighboring hotel. "Na! Na! I do work for five minutes. You read-a de papers? President McKinley is being buried and I no work till after that. When the cars start running again I'll work too!"

It is perhaps needless to add that the inconsiderate customer felt deeply impressed and humiliated by the patriotism of the "emigrant Italian boy," who it is certain will become a good citizen as soon as the laws will allow.

MARRIAGE AND DIVORCE.

The Episcopal Convention Sets Aside the Troublesome Question.

San Francisco, Cal., Oct. 18.—The troublesome question of marriage and divorce was set at rest for another three years today by the action of the house of deputies of the triennial Episcopal convention in rejecting both of the proposed canons on the subject, which were passed by the house of bishops. The greatest fight of the convention has been over section 4, forbidding the remarriage of a divorced person by a priest of the church. This had passed the house of bishops and been adopted by a yea and nay vote in committee of the whole of the house of deputies.

When the committee arose a decisive vote was taken, not only on the troublesome fourth section, but on the entire canon, which was rejected as a whole.

Canon 37, which provides for the disciplining of persons marrying again after being divorced, met with a similar fate.

The house of deputies passed an amendment to Article X of the constitution permitting modified forms of worship, which in spirit is similar to the famous Huntington amendment, recently defeated.

The bishops have yet to act before the amendment can become part of the constitution.

A general missionary meeting with special reference to work among the colored people was held at Trinity church today.

MURDER CASE ON TRIAL.

John Wright, Charged With Killing Another 7 1/2 Years Ago.

The Chickasha Telegram says: The district court has been occupied all day in the trial of John Wright, who killed old man Morley on Walnut creek about three years ago. The parties are both colored. Wright has been lying in jail at Ardmore most of the time the past three years. The time of the court has been taken up thus far by the prosecution which goes to the proof of the killing and facts intended to prove wilful, malicious murder. The defense which will be introduced this afternoon and evening will admit that Wright killed Morley but endeavor to prove self defense. The defense will attempt to establish that Morley endeavored to kill Wright with a razor. Wright lived in a dugout and as Morley approached his abode Wright shot him dead with a gun. Wright goes still further and admits that he dragged the body of his victim to a creek, threw him in and covered him with soil of mother earth. His excuse for dragging him to the creek is that he was entertained that the neighbors would mob him. Oklahoma Johnson and Mayor L. Grigsby are defending. Prosecuting Attorney Johnson is prosecuting. The indications are the jury will not retire to deliberate on testimony until late this evening.

Schley's Vindication Assured.

A Washington special says: There remains but little to be said with regard to the Schley case. The testimony of Capt. Cooke yesterday, which closed the department's case, was of itself sufficient to settle the matter. Capt. Cooke was the one officer examined so far who could tell something important beyond mere opinions. He was the department's witness, but he knocked all the preceding testimony of the department into a cocked hat. Now the Admiral's case is being presented. Probably all his testimony will be in within two weeks. The Admiral himself will go on the stand to close his side of the case and then the court will retire to review the testimony. Washington is well satisfied that the court will completely exonerate Schley and give him credit for his distinguished services to the country in the Santiago campaign. The Admiral and his counsel are delighted at the status of the case and participate nothing short of unalloyed vindication.

Young Couple Asphyxiated.

New York, Oct. 18.—Wm. Joyce and his wife, who has been married seven months, were asphyxiated during the night at the home of Mrs. Joyce's parents in Brooklyn. Joseph Duff, a brother of Mrs. Joyce, believes he unintentionally caused the tragedy. The couple had spent the evening at a dance and were assigned to Duff's room. Duff, who was away during the evening, entered the room late at night. He thinks that in his confusion he may have turned on the gas. His grief is overwhelming.

TOO MUCH

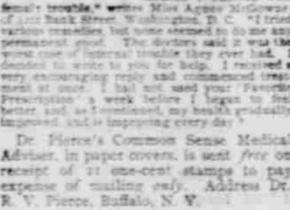

Exercise is as bad as too little for the growing girl. It is very easy for her to overdo, and this is especially dangerous at that critical period of a young girl's life when she crosses the line of womanhood. It is not an uncommon thing to lay the foundation for years of after misery by neglect of necessary precautions at the first "change of life."

The use of Dr. Pierce's Favorite Prescription not only establishes regularity, but it gives health to the entire womanly organism. It is the best medicine for diseases peculiar to women because it cures the causes of disease completely and permanently.

"Favorite Prescription" contains no alcohol, neither opium, cocaine nor any other narcotic. It cannot disagree with the most delicate constitution.

"For a number of months I suffered with female trouble," writes Miss Agnes McGowan, of East Bank Street, Washington, D. C. "I tried various remedies but none seemed to do me any permanent good. The doctors said it was the worst case of internal trouble they ever had. I decided to write to you for help. I received a very encouraging reply and commenced treatment at once. I had not used your Favorite Prescription a week before I began to feel better, and as I continued, my health gradually improved and is improving every day."

Dr. Pierce's Common Sense Medical Adviser, in paper covers, is sent free on receipt of 21 one-cent stamps in payment of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.
